West Virginia State Purchasing Card Travel Only Certification Training

Completed on April 25, 2017

The West Virginia State Purchasing Card Program was developed to provide local government entities a single purchasing card program to replace the various card types employed in county commissions, municipalities, boards of education and other miscellaneous local boards and authorities. One single purchasing card program allows local governments to institute a proper transaction monitoring system while earning a rebate that may be utilized for government operations.

West Virginia State Purchasing Card Certification Ethics Training

Completed on April 24, 2017

The West Virginia State Purchasing Card Program was implemented in 1996 addressing the need for a process that would create more accountability for purchases, improve relations with vendors and save the State millions through cost avoidance. All cardholders are required to receive training prior to having access to a PCard or the PCard software. For State cardholders, two separate training sessions and quizzes are required. One session being on the West Virginia's Ethics Act. WVURC cardholders are required to complete the WVURC Cardholder Training and quiz provided by PCPS PCard Administration; however, if the WVURC cardholder has a State PCard, he/she does not need to take the WVURC training, as he/she has already taken the State training.

Massachusetts Conflict of Interest Law Online Training Program

Completed on December 26, 2016

The conflict of interest law serves the public interest by promoting integrity and confidence in public service. The law prevents conflicts between private interests and public duties so that the general public can have confidence that public employees perform their duties objectively and in the best interests of their employer without undisclosed outside influences that might impair their objectivity.
